

English

This half term we will be writing non-fiction texts for the Seasons. WE will begin to distinguish between fact and opinion. We will also be writing a short story by sequencing sentences. We will learn what verbs, adjectives and nouns are. We will continue to make sure all writing has capital letters, full stops and finger spaces.

Maths

This term we will also be learning that = means the same as and conduct some investigation and problem solving activities. We will be learning the vocabulary for more and less than and using it to compare numbers. We will then move on to adding a single a 2 digit number together to find a total.

Spring 1
Class – 1

Welcome to our new term! This half term we will be learning about 'Super Seasons' We are also being really brave and leaving our adults at the cloakroom door. All messages come through to me from Mrs Freeman in the morning.

Topic:

Super Seasons

Class Books

Tree
Ferdie and the Falling Leaves.
Bear snores on.

Topic

Super Seasons

This half term our focus is Science and Geography. We will be learning about the different weather symbols and which season they relate to. We will observe the weather and the changes between the seasons. We will learn facts about trees, sunlight and the weather for each season. Children will learn scientific vocabulary such as observe and predict.

Science

Throughout our science we will observe change in state (ice), the changes in weather and learn about the weather for each season including some extreme weather. The children will learn about evergreen and deciduous trees, the change in the length of day and the things they should wear for types of weather.

Design Technology &
Art

We are designing and making kites! We will

Music

Computing

The computers will be used to help us use technology safely and correctly. We will

PSHE & Religious
Education

PE

This half term we will be practising Yoga. We will move our bodies with

build our own simple structure and then evaluate the effectiveness of the kite in the wind. WE wil cut out our own shapes and then ad buttons for design with a running stitch. The children will also learn about colour palettes and hot and cold colours.	In music we will be making lots of sounds and rhythm with untuned percussion. We will also be using our voices to make noises to add to our own scores for a dinosaur rumpus!	continue to learn how to be safe on the internet and what the different hazards are when we are online or on any computer or ICT.	This half term we are learning about creation stories. The creation stories span a range of faiths and religions. Children will draw the stages for the stories, retell and make their own creations out of plasticine.	control. Please make sure your child has a named P.E kit in school. P.E is Monday and Friday.
