7th January, 2019

Dear Parents/Carers,

This term, children in Class 5 will be learning about puberty as part of our PSHE and Science curriculum. This falls within the content of the National Curriculum and will be taught in line with our policies which can be found on the School website.

As we value our partnership with parents, and as you may wish to continue discussion at home and answer questions which arise from our lessons, we are inviting you to view the video clips which will be shown to the children. The clips are from the *Living and Growing* materials produced by Channel 4, which are widely used in primary schools. They are well regarded and appropriate for this age group.

If you wish to view the content before the children, you are welcome to come into Class 5 at 3.05pm on Thursday 17th January. Please arrive promptly so that we can begin the clips at 3.10pm. We will be on hand to answer any questions you may have. We will then run the first session for the children from Friday 18th January, once a week, until the end of term.

If you are unable to join us at that time, please be assured that the subject will be handled sensitively and factually in order to provide children with the information and assurances that they need at this stage in their lives.

Kind regards,

Mrs T Cullington
