

<p style="text-align: center;">English</p> <p>To begin the term, the pupils are developing their knowledge of expanded noun phrases and using them in poetry about the Arctic. We will then begin reading our class book, working towards writing a setting description about the main character's journey through North America. The last piece of writing will link geography focusing of Earthquakes by writing a newspaper report.</p>	<p style="text-align: center;">Maths</p> <p>This term, the pupils will be extending their knowledge of number and place value through working with numbers up to a million, counting in powers of 10, rounding to the nearest power of 10, and using negative numbers. As well as recapping the addition and subtraction skills in order to be able to apply them to problems.</p>	<p><u>Autumn Term 1</u></p> <p><u>Class – 5</u></p> <p>Road Trip USA</p>  <p>Class Book: The Call of the Wild (Jack London)</p>	<p style="text-align: center;">Topic</p> <p>Our topic this term is <i>Road Trip USA</i>. Firstly, pupils will locate about the oceans, countries and states.</p> <p>The pupils will explore the environmental regions in North America, the landscapes and man-made landmarks. Followed by comparing the Peak District to National Parks in America with map and compass work included. We will discuss the importance and impact of tourism before moving onto studying the San Andreas fault line and how earthquakes happen.</p>	<p style="text-align: center;">Science</p> <p>For the first two terms, we will be exploring the properties of materials. These lessons will involve a variety of experiments to discover the properties of different materials such as solubility, conductors, magnetic and many more.</p>
<p style="text-align: center;">Art and D&T</p> <p>In Art this term, pupils will be introduced to three North American artists who are famous for landscapes, portraits and abstract art. Pupils will analyse the artists' style and develop their own art skills through recreating the pieces.</p>	<p style="text-align: center;">Music</p> <p>The theme for music lesson this term is Water. We have already looked at the bodies of water around North America and had a go at creating music to represent various water features. Through this theme, pupils will learn how to include dynamics, pitch, timbre and many more features of musical pieces. Finishing off by learning some Native American songs.</p>	<p style="text-align: center;">Computing</p> <p>To start the term using computers safely, the children will be focusing on online safety, keeping personal details safe and cyberbullying.</p>	<p style="text-align: center;">PSHE</p> <p>The pupils will be focusing on the topic <i>Going for Goals</i>. This involves discussing positive ways to face new challenges and how their actions have consequences for themselves and others. This unit will also focus on the skills needed for a range of jobs and how pupils can develop these within school.</p>	<p style="text-align: center;">French</p> <p>Pupils will be building upon their learning so far by learning to talk about food, pets and hobbies.</p> <p style="text-align: center;">PE</p> <p>This term we will be developing our map skills to link with our topic through orienteering. This will also have a link with other areas of their learning as they will be on a quest to use and develop their map skills and team work.</p>
