

What do Governors do?

Together with the Headteacher, governors set the future direction for the School and decide how the School's budget should be spent. Governing bodies make decisions collectively on matters such as performance targets, School policies, the School Improvement Plan and the School's staffing structure.

Governors monitor the impact of policies and oversee the use of the School budget. They report to the parents on the School's achievements and respond to inspection recommendations. They hear appeals from pupils and staff and consider complaints.

Governors provide the Headteacher with support and advice, drawing on their knowledge and experience. They ask searching questions but respect the Headteacher's position as professional leader of the School.
