

<p>Topic - DT</p> <p>This term we will be learning about food through our topic Scrumdiddlyumptious.</p> <p>During our topic, the children will be baking bread, making salads and creating healthy breakfast pots.</p> <p>Through this topic the children will learn about the history of food including how it has changed over time and why.</p> <p>This term we are also celebrating Fairtrade fortnight. We will research Fairtrade food and where it comes from.</p>	<p>Maths</p> <p>We will begin this term by developing written methods for multiplication and division. We learn methods which will help us when multiplying larger numbers. Practicing on Times Table Rock Stars will help with mental calculations.</p> <p>We will then learn about fractions including counting in tenths, comparing fractions, learning about equivalent fractions before finally adding and subtracting a range of fractions with the same denominator.</p> 	<p><u>Spring Term 2</u> <u>Class 3</u></p> <p>SCRUMDIDDLYUMPTIOUS</p>  <p><u>Class Books:</u></p> <p>The Twits (Roald Dahl)</p> <p>Charlie and the Chocolate Factory (Roald Dahl)</p> <p>Roald Dahl's Revolting Recipes</p>	<p>English</p> <p>In reading this term we will be focusing on our active reading stations. These stations include picture, vocabulary, wonder, predict, clarify and summarise. Each skill will help us to become superstar readers.</p> <p>Our writing will be inspired by Roald Dahl. During the term we will write fantasy descriptions, where we will take inspiration from Roald Dahl's Chocolate Factory, and we will be writing twisted recipes for Mr and Mrs Twit.</p>  <p>Later in the term we will learn about persuasion through letter writing.</p>	<p>Science</p> <p>Our science topic will be all about plants. We will learn to talk about the parts of a plant and the important job each part has. As well as this we will explore the role of the flower in the life cycle of a plant through pollination, seed formation and see dispersal. We will explore what a plant needs to grow well and investigate how water travels in a plant.</p> <p>We will also be growing a range of plants throughout the term in our class vegetable plots to use in cooking activities later in the year.</p>
<p>PE</p> <p>Through Real PE, we will be developing our coordination skills. We will be working on sending and receiving with developing fluency and control.</p>	<p>Keep logging on to Times Table Rock Stars and Mathletics to complete your homework each week!</p>		<p>PSHE</p> <p>PSHE and C this term will focus on relationships. The children will learn about different types of relationships and will develop the skills to form positive and healthy relationships.</p>	<p>RE</p> <p>RE will focus on the big questions 'Why do Christians call the day Jesus died 'Good Friday'?' and 'Why is Easter so important for Christians?'</p>
<p>Art</p> <p>In art, the children will be closely observing plants. They will look at the work of other artists, learn about tints, shades, tones of colour and creating depth.</p>	<p>Music</p> <p>Music this term will link to our Scrumdiddlyumptious topic. The children will be studying a range of music from well-known films. During this unit of work they will compare pieces and express their views.</p>	<p>Computing</p> <p>We will continue to work on programming skills through the development of our Pacman games on Scratch (this is downloadable at home). This term will focus on debugging our work before moving onto more complex coding.</p>	<p>French</p> <p>In French, the children will be learning the days of the week. They will be learning songs, comparing days and creating diaries to help learn their new vocabulary.</p>
